

2022 Middle Creek Flyathlon Directions

Upper Crossing Guard Station

This is where you will come Friday night, where most of us will be camping, and where the afterparty will be on Saturday night.

IMPORTANT: Google Maps doesn't know how to get here. It directs you to turn too early, which results in you going across private property. Please don't follow google maps. Instead, follow these directions.

From Denver, take Highway 285 south to Saguache, CO. From Saguache, take 114 West for about 25 miles. Go past where Google Maps tells you to make a right off of 114. A half a mile or so further, you will see a sign for the Upper Crossing Guard Station as well as an orange RMF sign with an arrow. Turn there and follow signs in.

Middle Creek Trailhead

Google Maps doesn't know where this one is either....

From the Upper Crossing Guard Station, take 114 back towards Saguache and make a left turn about 10 miles from the guard station onto a road called 38EE. There will be an orange RMF sign. Follow 38EE until it forks and take the right fork (38FF). There will be an orange RMF sign. Continue down 38FF until it terminates at the Middle Creek trailhead.
